Professional Summary

Frontend Engineer with 2+ years of experience building scalable and responsive web applications using React.js, Next.js, TypeScript, and modern frontend architecture. Experienced in enterprise dashboards, headless e-commerce, reusable component systems, real-time interfaces, performance optimization, and API integrations.

Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Material UI, Styled Components, Storybook
State and APIs: Redux Toolkit, Zustand, React Query, Context API, REST APIs, GraphQL, WebSockets
Commerce and Backend: BigCommerce Stencil, Shopify Storefront API, Supabase, Node.js, Express.js, Payment Integrations
Tools and Performance: Git, GitHub Actions, Docker, Puppeteer, Jest, React Testing Library, SSR, SEO, Core Web Vitals, Jira

Professional Experience

Cronix LLC

Frontend Engineer

Remote

September 2024 – Present

- Developed enterprise dashboards and customer-facing applications using React.js, Next.js, and TypeScript for clients including Berger Paints and PepperBall.
- Built data-intensive interfaces with reusable tables, filters, charts, role-based views, and real-time updates using Zustand, React Query, and WebSockets.
- Created server-rendered PDF workflows using Next.js and Puppeteer for invoices, reports, and business documents.
- Built reusable UI components and shared frontend patterns using Material UI and Storybook across multiple client projects.
- Improved performance through code splitting, lazy loading, image optimization, server-side rendering, and component refactoring.

Glass Atlas

Frontend Engineer – Contract

United Kingdom – Remote

June 2026 – July 2026

- Contributed to React.js and Next.js applications for a UK-based engineering team, developing responsive customer-facing interfaces.
- Built and enhanced reusable React components, page layouts, and frontend features within established production codebases.
- Resolved UI defects and responsive layout issues and delivered changes through pull requests, code reviews, and staging validation.

Marmeto

Frontend Developer Intern

Remote

May 2024 – August 2024

- Contributed to production e-commerce storefronts for boAt and Kohler by implementing responsive pages and reusable components from Figma designs.
- Developed mobile-first interfaces using React.js, JavaScript, Tailwind CSS, and Styled Components.
- Integrated checkout and payment functionality with APIs and payment providers including Razorpay and Stripe.

Selected Projects

Zoon Vale | Next.js, React.js, TypeScript, Tailwind CSS, Supabase, Vercel

zoonvale.in

- Designed and developed a responsive Kashmir travel platform for browsing packages, destinations, activities, and transportation services.
- Built reusable components, dynamic Next.js pages, enquiry and booking workflows, form validation, and a custom admin interface backed by Supabase.
- Implemented SEO metadata, mobile-first layouts, payment-related flows, custom-domain deployment, and production hosting on Vercel.

Enterprise Analytics Dashboard | React.js, Next.js, TypeScript, Zustand, WebSockets

- Developed a real-time dashboard with advanced filters, role-based interfaces, reusable visualizations, and exportable reports.

Education

Central University of Kashmir

Bachelor of Technology in Computer Science and Engineering

September 2023
